

Automated Conveyors | Industrial Conveyor Systems

Being a company who specializes in creative custom automation, Wrabacon employs a team of mechanical and electrical engineers, as well as programmers. We have backgrounds in a variety of industries including food, pharmaceutical, automotive, sporting goods and other consumer products.

We design and manufacture equipment that will convey, accumulate, merge, divert, pick & place, transfer, orient, stack, denest and lid different types of products. Wrabacon can also provide complete system integration for a project if required.

- Automated Conveyor Systems
- Stainless Steel Conveyors
- Incline Conveyors
- Table Top Conveyors
- Mergers and Diverters
- Vertical Accumulation
- Bi - Flow Accumulators
- Rotary Tables
- Pick and Place Systems
- Case Packers
- Tray Stackers
- Tray Denesters
- Lidding
- Dorner Conveyors
- Machine Vision Systems

Our engineering department uses state-of-the-art computers and CAD systems to produce sound engineering designs. We have a complete panel shop with experienced technicians for the most sophisticated project.

As a team, we will provide a simple and cost effective design for your application. No matter how complex, Wrabacon can provide the solution.

Wrabacon can also manufacture to customer specifications. We routinely fabricate in stainless steel, extruded aluminum and painted steel. We also manufacture to the stringent requirements of the food and pharmaceutical industries. Every piece of equipment is fully assembled and thoroughly tested before it's shipped. Wrabacon guarantees that every system will perform as specified.

Wrabacon was founded in 1986. Located in Northern New England, in an area that nurtures craftsmanship, innovation and ingenuity, our people take pride in producing quality equipment. Over the years we've built a solid reputation of providing quality equipment at reasonable cost. We at Wrabacon would appreciate the opportunity to work with you on a future project.

Creative Packaging and Automation Equipment
WRABACON designs and manufactures the following variety
of quality and innovative product handling equipment

CONVEYORS: Mat Top Conveyors, Belt Conveyors, Table Conveyors, Steel Mesh Conveyors, Metal Detector Conveyors, Retractable Conveyors, Line Dividers/Combiners, Assembly Conveyors, Pack Off Conveyors, Inspection Conveyors, Incline Bucket Conveyors, Vertical Power Merge Belts, Bucket Elevator Conveyors...

MERGERS: High-Speed Servo Merges, Gate & Release Merge, Vertical Power Merge Belts, Pivoting Belts...

PRODUCT DIVERTERS: Diverting one lane of product into multiple lanes.

PRODUCT ACCUMULATORS: Accumulator Tables, Rotary Accumulators/Unscramblers, Reversing Table Accumulators, Vertical Accumulators, Alpine Accumulators, Upstacking Accumulators, Bi-Flow Accumulators, Multi Level Bi-Flow Accumulators...

TRAY STACKERS & DESTACKERS: Vertical, Horizontal, Rotary, Tray Handling Systems...

DENESTING: Tray Denesters, Round Container & Pails, lid denester and closer...

SPECIALTY EQUIPMENT: Drum Conditioners, Pick & Place Systems, Bottle Orientation, Robotics, Custom Automation Systems...

PRODUCT FEEDERS: Servo controlled smart belt and cross feeder for feeding wrappers and cartoners at 200 products per minute or more. Also bulk counting and filling.

SEMI-AUTOMATIC CASE ERECTOR: Provides a very efficient packing station. The "Boxer" allows an operator to erect and secure a knock-down case in seconds.

CONTROLS: Full service panel shop with a staff of experienced control engineers and programmers who can design and build customized electrical control systems for most any application.

COMPLETE SYSTEM INTEGRATION

Customer List

We have been very successful by providing equipment and/or complete systems to many of the country's top companies. Wrabacon will provide complete system integration if required. We have a state of the art engineering department and CAD system to produce sound engineering designs. Every piece of equipment is fully assembled and tested before being shipped. Here are just a few of our satisfied customers.

Balchem	Barber Foods	Bayer Diagnostics
Ben & Jerry's	Best Foods Bakery Group	Book of the Month Club
Boston Coffee Cake	Cabot Creamery	Chung's Gourmet Foods
Ciba	Convenience Foods	Estee Lauder
Fishery Products	Fujisawa Health Care	FMC Bio-Medical
General Mills	Golden Grain Corp.	International Salt
J.J. Nissen Bakeries	Josephs Pasta	Just Born
Konica	Kraft Foods	McCormick
Nabisco	Nypro	Ore-Ida Foods
Pepperidge Farms	Rich Seapak Corp.	Sara Lee
Schreiber Foods	SmithKline Beechman	Stillwell Foods
U.S. Surgical	U.S.D.A.	Quaker Oats Co.
Uno Foods	Wausau Paper	Whipple Co.
Yankee Candle	<i>Your Company</i>	<i>name goes here!</i>
