THE GLOVE THAT STARTED IT ALL

1991

Back in 1991, we knew right away we had a good thing going with Mechanix Wear® Gloves. However, we had no idea what kind of revolution we would start. Before we knew it, we had every NASCAR® team asking for our gloves along with just about every other high profile motorsports team in every type of racing! As a result of the exposure, everyday mechanics, technicians, construction workers, tradesmen, do-it-yourselfers, industrial safety personnel, law enforcement, emergency service workers and military professionals all began using our gloves and all agree that they help you: **WORK FASTER, SAFER, CLEANER®**

WWW.MECHANIX.COM

1 GLOVES AND COUNTING

started the high performance work glove category. Twenty years of
ion has now created 100 different styles of work gloves. They all have their
providing hand protection. From basic protection to gloves that are fire retardant,
right type of hand protection you need. The Tool That Fits Like A Glove®

**COMFORTABLE FIT**

Two-way stretch Spandex top for the ultimate in comfort and fit.

**SEAMLESS PALM**

Single layer seamless palm for improved fit and dexterity.

THE ORIGINAL[®] CE

THE GLOVE THAT STARTED IT ALL

Despite its imitators, our Original[®] Glove remains in a category all its own. Tried, tested and proven for over 20 years, it provides the perfect blend of flexibility and protection. Durable synthetic leather, stretch spandex finger gussets and a new flexible TPR wrist closure allow for a comfortable and snug fit. With its gamut of practical and functional features, it's no surprise that the Original[®] is the most recognized and most frequently worn glove for anyone with a toolbox. *Imported*

High abrasion Material 4X[®] resists puncture and tearing better than leather.

**COMFORTABLE FIT**

Two-way stretch Spandex top for the ultimate in comfort and fit.

MATERIAL 4X[®] ORIGINAL[®] CE

ORIGINAL SPECIALTY LINE

The glove that gave us our name in motorsports returns again, this time with Material 4X[®] palm and fingertips. Exclusively developed for Mechanix Wear[®], Material 4X[®] offers superior wear, higher abrasion and greater puncture resistance when compared to leather. Unlike leather, Material 4X[®] is completely machine washable, making this glove as practical as it is popular. With the same fit, feel, and dexterity of our Original[®] Glove, this glove proves that a good thing can just keep getting better. *Imported*

THE TOOL OF HIGH VISIBILITY

WORKPLACE HAZARDS EXIST EVERYWHERE.

Their focus should be on the job or task and nothing else. The products and equipment needed to create safe work environments for industrial and commercial workplaces around the world is not unlike the different tools in a toolbox. No one tool is going to eliminate all workplace hazards, but when hand protection is required, they choose to equip their toolbox

with our high visibility performance work gloves.

SAFETY HI-VIZ FASTFIT[®] CE

The Safety FastFit[®] glove provides a high-visibility outer shell with ANSI-107 compliant reflective and fluorescent materials to make you more conspicuous in hazardous working environments. High-visibility, moisture wicking TrekDry[®] material wraps the top of your hand and 3M[®] reflective ink provides luminance. Synthetic leather safeguards your palm for improved wear when handling tools, and the elastic cuff offers a secure, second-skin fit with easy on/off flexibility. *Imported*

THE NEW TOOLS IN CUT RESISTANT

PIVOTAL PROTECTION AGAINST PUNCTURES AND LACERATIONS. Exposure to the significant risk of sharp objects can have serious ramifications if hands are left unprotected. What's required is a glove that protects the individual from these potential hazards without sacrificing fit, feel, and functionality expected of a high performance work glove. Mechanix Wear's proprietary cut resistant material exceeds these demands so the job gets done without downtime and expense due to preventable injuries.

CUT RESISTANT
ArmorCore™ fabric meets ASTM/CE Level 5 standards for cut and puncture resistance.

EXTRA GRIP
Strategically placed silicone dots situated on top of our cut and puncture resistant fabric provide extra grip.

ARMORCORE™ UTILITY CE ANSI

Designed to make cut and puncture protection available to a variety of users, the Mechanix Wear® ArmorCore™ Utility Glove features SAPREX® ArmorCore™, our proprietary cut, puncture and abrasion resistant fabric, on the palm and fingers. The fabric wraps around the fingers, eliminating bulky seams and reducing seam wear. EVA foam padding with breathable, two-way stretch spandex covers the top of the hand and extends up the length of each finger for extra protection. Light palm padding offers a comfortable and secure grip. *Imported*

CUT RESISTANT
ArmorCore™ cut resistant fabric shields the hand, while PORON® XRD™ knuckle padding and TPR bumpers provide impact protection.

PALM PROTECTION
A second layer of leather and solvent free silicone dots on top of our cut and puncture resistant fabric increases protection and grip.

ARMORCORE™ IMPACT SHIELD CE ANSI

To meet the challenge of cut and puncture risks on the job, we created the Mechanix Wear® ArmorCore™ Impact Shield Glove. Made in the USA, SAPREX® ArmorCore™, our proprietary cut, puncture and abrasion resistant fabric, covers the entire glove to shield the hand inside and out. 4mm PORON® XRD™ foam knuckle padding adds impact protection while silicone printing on the fingertips aids with grip, and genuine goatskin leather on the palm and thumb serves as secondary shields. Fingertip material wraps around the fingers, positioning seams higher up to eliminate bulkiness and seam wear. *Imported*

COLD WEATHER WINTER ARMOR

Cold hands make it difficult to concentrate on just about anything else. With its full nylon shell, wind resistant lining and water resistant rubberized palm, our Winter Armor Glove provides protection against the elements, so that you can focus on the job at hand. Additional features include a Velcro closure to prevent cold air, wind and snow from sneaking in, a dual layer rubberized panel in high wear areas and EVA foam accordion knuckle protection that extends through the index and middle fingers. *Imported*

TOOLS FOR THE ELEMENTS

DEGREES OF PROTECTION IN EXTREME WEATHER. When mother-nature refuses to back down, working hands need the best protection when battling brisk air temperature, wind-chill, and wet conditions. Mechanix Wear® Cold Weather Specialty Gloves protect the worker from hazardous conditions and harsh environments. In order to counterbalance the elements, we incorporated specific features applicable to these conditions. Exposed hands and raw weather hinder performance, so when the mercury drops feel confident knowing Mechanix Wear® Cold Weather Specialty Gloves are as rugged as they come.

MATERIAL 4X®
High abrasion Material 4X® reinforcement adds durability at your fingertips.

KNUCKLE PROTECTION
Full length TPR on fingers and accordion knuckle panel protect against impacts.

COLD WEATHER WINTER ARMOR PRO

Exposed hands and raw weather just don't mix. For those who still need to work when the mercury drops, we've created our Winter Armor Pro. High abrasion Material 4X® on the thumb and fingertips and an internal, anatomically placed palm padding, this glove allows you to complete tasks that require the dexterity of bare hands. Fleece-lined with 3M® Thinsulate™ insulation and encased in a water repellent nylon shell, the Winter Armor Pro provides maximum warmth and wind resistance. *Imported*

WE ARE THE RIGHT TOOL FOR THE MISSION

WHEN YOU'RE IN THE WORK OF SECURITY AND SAFETY EVERY ASSET AND TOOL IS VITAL.

The risks of their job is like no other and their toolbox seems much different. However, the need for hand protection is real. They make performance work gloves part of their uniform when lives are on the line.

Knowing when orders come down, their performance work gloves will be on duty.

COMFORTABLE FIT
Two-way stretch Spandex top for the ultimate in comfort and fit.

SEAMLESS PALM
Single layer seamless palm for improved fit and dexterity.

THE ORIGINAL[®] CE

Military professionals deserve a glove that is designed to suit their needs. While Mechanix Wear[®] made its name in motorsports, we are no less serious about our tactical line of gloves. The versatile Original[®] Glove fits innumerable tasks where general protection or extra grip is necessary. As with all of our gloves, we constantly update The Original[®] using the most advanced technology and materials. *Imported*

TOP VENTILATION
Mesh top adds additional breathability.

FULL VENTILATION
Combination of mesh and perforated materials keep hands cool in the heat.

THE ORIGINAL[®] VENT CE

Don't let the heat get to you. Extremely hot or humid conditions can cause sweaty hands, which leads to loss of valuable control. Avoid this problem with The Original[®] Vent Glove. It's designed to perform in the hottest weather and minimize heat build-up. Beat the heat wherever your mission takes you. *Imported*

TOOLS OF THE TRADE

THE JOBSITE CHANGES BUT THEIR JOB DOESN'T, and neither do the tools in their toolboxes. Skilled trade professionals only choose quality tools to get the job done, and when it comes to hand protection, Mechanix Wear® is that choice. When the job stretches from days to weeks they demand tools that last, and hand protection is as important to them as any other tool in their toolbox. True professionals need commercial grade performance work gloves.

IMPACT PROTECTION
Molded rubber design adds knuckle protection.

DURABILITY
Extremely durable Material 4X® palm and finger panels for comfort and protection.

COMMERCIAL GRADE IMPACT PRO^{WITH MATERIAL 4X®}

The CG4X Series Impact Pro has protection where it counts. A flexible molded rubber exoskeleton protects the top of your hand from impact and abrasion. Material 4X® reinforces your knuckles, fingers and palms, adding extreme durability to high-wear and abrasion prone areas. WHY?

EVERYONE WITH A TOOLBOX IS A GLOVE CUSTOMER

It seems like yesterday that we started selling our gloves to professional race teams. 20 years later, many different toolboxes define our largest markets. The usefulness and functionality of high performance work gloves continue to provide opportunities for growth for Mechanix Wear.[®] With each new market, the Mechanix Wear[®] brand transcends its racing heritage and cements its place as the innovative leader of the high performance work glove revolution.
