IN MOTION FOR YOU ...

Winter 2023

Volume 17, Issue 1

Nx-Kem—Chemicals for almost any task.
Nx-Tek—MRO Items to keep you running

Signs, Signs, Everywhere a Sign

Looking for a sign? Ready made or custom made? We have you covered. Want it out of a catalog? From a photo? Typed per your spec? On paper? On ridged plastic? On Aluminum? On Steel? Just let us know we can produce almost anything at a reasonable price and quickly. Let us show you what we can do make you readable and rememberable!

Inside this issue:

POBCO has a new catalog	2
Wiremation Traxx-Rite	3
Ashworth Spiral Belts	3
Wiremation Filter Belts	3
Wrabacon Innovation	4
SuperLift Stainless Steel	4
REMCO cleans up with you	5
BS&k works for you	5
Featured Item—Nx-Kem	6

Special points of interest:

- Pobco expands the PET product offering
- Wrabacon has innovative equipment for product handling
- Wiremation Introduces standard sprocket driven mesh belts
- REMCO can clean up your sanitation problems.
- BS&k is your partner to identify your products, source them and assist in installation. We also help you to maintain the spare parts

UWEPOR'T'S UBLUE NITRILE GLOVES ARE MADE TO HIGH
QUALITY AND AFFORDABLE PRICES

Ublue Disposable Nitrile Gloves

DESCRIPTION:

Ublue Nitrile Examination Gloves are tested for physical protection and chemical permeability and are suitable for a range of medical, laboratory, household and foodservice applications. Also available for use with chemotherapy drugs.

FEATURES:

- Nitrile Material
- Powder Free
- Latex Free
- Thickness of 4-5 mils

QUALITY STANDARDS:

- FDA 510(K)
- Complies with EN 455 and EN 374
- Complies with ASTM D6319

Looking for Covid 19 tests?
Look no further.
We have them!

COUNT/COLOR:

100 Gloves/box; 10 boxes/case

Available in black or blue

LUMSDEN'S EDGEWISE BELT HAS DRASTICALLY REDUCED BELT WASTE DUE TO TANGLING

Lumsden's **Edgewise** edge has proven to many customers that this design prevents tangling and catching of the wires both on and off the machine. They come off the rolls un-tangled, they don't catch on adjoining belts, and there are no ends to bend open and break.

Less downtime, less scrap and with the buffed edge, less cut hands. A real winner in all cases.

With the **Edgewise** edge, wires do not have to be opened and then closed again to splice belt. This prevents the ends from breaking off, and having to re-splice the belt, like other belts do.

Don't forget your drive components!

We can supply the sprockets, idle rollers, nose rollers as well as the wear strips and belt supports. The nose rollers, in addition to tracking, protect the "Z" bends of the belt. By replacing them before they wear down, you can increase the life of the belt and extend maintenance intervals. Let us show you how we can save you money.

LUMSDEN FLEX TURN BELTS, THE NEXT GENERATION IS HERE .

Lumsden has the new and improved Flex Turn Belt. This belt is made to precise tolerances and without any splice clips that can harbor bacteria.

Lumsden Turn Belt - Look, no tubes!

Edgewise "Snag-free" edges

Our longer belt edge greatly reduces tangling during installation and improves operator safety by making it virtually impossible to snag.

Typical Competition Belt Edge

Lumsden Belt Edge

Our belt is a "drop on" belt that requires no modifications to your existing conveyor. We'll be happy to show you the difference.

WIREFIMATION TRAXX RITE HELPS KEEP YOU TRACKING WITHOUT EDGE DAMAGE

Traxx Rite® is our patented sprocket-driven line of woven wire conveyor belts. The positive driven belt ensures precision tracking of your conveyor and eliminates belt slippage in wet or oily conditions. Traxx Rite® belting is offered in a wide array of opening sizes and wire diameter. Traxx Rite® is ideal for any application that needs air flow to cool the product, openings so that any breaching or batter can easily fall through or tighter weave for smaller products to stay put for further processing. The splicing process is as simple as any balance weave belting you may already use, but much easier than other types of open surface area belting. Our Traxx Rite® line of belting is FDA approved to be used in all food processing applications.

We have designed an abbreviation of the normal 8-10 character specifications to simplify the ordering process. Please contact us if you have any questions on these.

SPIRAL BELTS, INSTALLATION AND SERVICE

Ashworth, the inventors of the low tension spiral systems, are manufacturers of turn curve belts made from metal, hybrid metal and plastic. We can design, inspect, repair, retrofit, rebuild and install a belt for you.

Let the experts work on your spiral. You will see the difference from the beginning through the work and installation. Call today and let us show you how we can help you with the latest designs, applications and products, including our Self Stacking Belt, the ExactaStack™.

WIREFIMATION CLEANS UP YOUR OILY PROBLEMS WITH IT'S FILTER BELT

Filter Belts Any plant that is frying is a likely Filter Belt customer. Filter Belts are most commonly used in the Stein SF Series Continuous Force Flow Filter, which is, by far, the most common system used in the industry. These belts are used to filter the oil used in the fryer, extending the life of the frying oil and minimizing the formation of fatty acids. Filter belts can remove particles as small as 80 micron or 60 micron. After the particles are removed from the oil, they are removed from the belt by a scraper for reclamation or recycling.

In addition to the 316 SS Reverse Double Dutch weave mesh material and the low profile alligator lace, contact us to tell you the other features why our filters do a better job, and last longer.

POBCO PLASTICS LATEST CATALOG HAS MANY NEW ITEMS TO REDUCE YOUR FRICTION AND YOUR COSTS

POBCO Products

- Plastic Guide Rails
- Plastic, Stainless Steel Brackets
- Rollers (Plastic, Steel & Wood), specials
- Bearings (Plastic & Wood)
- Plastic Sheet & Rod Stock
- Mounts
- FEP Shrink Fit Roll Covers
- Mounting hardware
- Teflon Coated Fabric/Tapes/Belts
- Pressure Sensitive Plastic Adhesive Wear Tape
- Plastic Chain Guides & Wear Strips

POBCO Capabilities

- Extruding
- Molding
- CNC Machining
- Screw Machining
- Turning
- Milling
- Routing
- Secondary Operations
- Assembly
- Custom Machined & Extruded Profiles & Shapes
- Die Cutting/Punching

POBCO Materials

- ULTRA-D® UHMWPE (Ultra-High Molecular Weight Polyethylene)
- Static Reduced UHMWPE
- UV Stabilized UHMWPE
- High Temperature UHMWPE (Fluid Lubricant-Filled UHMWPE)
- PLUS®
- Poblon
- High Wear CP, Black or Green
- Rulons® (Hi-Temp Food Grade 641, Bearing grades LR, J)
- Low & High Density Polyethylene (PE)
- Acetal (Delrin®, Celcon®)
- Delrin AF® (Teflon Filled Acetal)
- Delrin® (Also Lube-Filled & Oil Filled Types) (Solid Lubricant-Filled Delrin) (Fluid Lubricant-Filled High Temperature Plastic) (Lubricant-Filled Grey Nylon) (NylatronGS®)
- DELLUBE
- Nylon
- NYLUBE
- Nylon MD
- PVC (Polyvinyl Chloride) (High Heat Plastics) PTFE®
- Glass Filled (Urethane: Specify Durometer Reading & Color)
- TEFLON®
- Teflon
- POLYURETHANE
- POLYPROPYLENE
- Fluorint 207® (High Heat)
- ABS
- Polycarbonate (Lexan®, Zelux®)
- Polysulfone
- Ultem®
- High Pressure Laminate (Micarta®/Phenolics)®
- Duratlon HP (polyimide)® GF (Bearing Grade)® (PVDF)
- Composite Bearings (High Temperature, High PV)
- Pet (Polyester)
- Torlon
- Vespel/Sp-21
- Peek
- Kynar

POBCO® Guides and Accessories Overview

WE PROVIDE SOLUTIONS TO YOUR AUTOMATION CHALLENGES

Case Packers

Custom Designed Horizontal and Vertical Case Packers

Wrabacon Inc. manufactures case packers that are extremely robust in design while maintaining extremely fast changeovers. We offer highly flexible case packers built to handle multiple daily changeovers or a single product run all year long.

Our case packers are designed to handle RSC, HSC, trays and display cases. Tape and hot glue melt sealing systems are integrally built into the case packer. Intermittent or continuous flow of product and cases are controlled by servo motors. Horizontal and vertical case packers are available to meet your specific requirements.

Custom designs allow our case packer systems to meet the specific needs of your products packaging. Each case packer is designed to the unique requirements of the end user. For 20 years we have been filling boxes, bags, jars, bottles and cans to our individual customers circumstance.

Case Packers Features and Benefits

- Case packing for jars, cans and bottles for low to intermediate speeds
- *Automated case packing* in a limited space
- Used with customers existing erector or designed with integral case erector
- Minimal operator attention

A FULL LINE OF LIFTING DEVICES INCLUDING ALL STAINLESS STEEL MODELS

SuperLift is A North American Supplier of Industrial Lifting & Handling Equipment including Scissor Lifts, Tilters, Up-enders, Turntables, Dock Lifts, Specialized Electric Lift Trucks. They also specialize in the custom manufacture of any lift device you can come up with. All Capacities are from 500 to 200,000 lbs

Product: Stainless Steel Scissor Lifts.

- Capacities from 250 lbs to 20,000 lbs
 - Standard lifts, ground level, lift and tilts, double lifts, low profile, heavy duty all available
 - 304 and 316 stainless steel polished #4 or mirror finishes
 - Stainless steel cylinders or ball screw units for precision applications
 - Lift heights to 120"
 - Custom lifts and powered drive also Available.
 - Powered by air, hydraulic or electric ball screw

REMCO PRODUCTS

REMCO KEEPS YOUR WORKPLACE CLEAN AND SANITARY

Products from **REMCO** can be color-coded to help divide the production cycle into different zones or tasks. By identifying these as different cleaning areas, the movement of contaminants around the production area can be effectively blocked.

Let **BS&k** show you how **REMCO** products can clean up your sanitation problems and let you get back to what you do best, that is, running your business.

Now there are 7 colors, one for every department. Get your now.

MANUFACTURERS REPRESENTATIVE

BS&k COMPANY INTEGRATES LOCAL
SERVICE WITH NATIONAL KNOWLEDGE

We have been providing local service to companies for 26 years, 17 years as the BS&k Company.

Knowledge we have gained from working with national companies has allowed us to service companies locally, the way most national companies get serviced.

With 39 years experience in sales and manufacturing environments, we know how critical it is to you to have your lines up and running, when you need them up and running. We won't let you down!

Let us work with you and provide

the following:

- *Plant Surveys*
- *Complimentary Product lines*
- *Competitive Pricing*
- *On-site troubleshooting*
- *Installation Assistance*
- *Order History Analysis*
- *Stocking Plans*

Contact us today and let us show you what we can do for you.

Don't forget to ask us for your

No cost / no obligation review of your production lines.

We have a CD with our literature, catalogs and other information on it. Let us send one to you.

Featured Application

We have all been enjoying our warm weather, but we also all know what is coming soon. Nx-Kem has put together the most popular products to fight the ice and snow. No, it's not too early to get ready. Be prepared this Winter with our excellent line of Winter Products! Products for floors to plows, we've got you covered!

Liquid Ice Melt: An alternative to harmful pellets. XL-9020-05

Jack Frost: Spray Jack Frost on your automobile windows and locks XA-9001

Plow: use on your equipment to prevent rust and corrosion XL-2610-05

Winterinse: Use Winterinse to remove the corrosive salt film left on entranceway floors during winter. XL-4020-05

Mr. Melt: Our ice melting compound contains 94%-97% calcium chloride and works down to – 30°F & up to 12 hours. 100LB = XN-9010-ECO 40LB = XN-9010-PAIL

Winterizing Wax: A special blend of silicone and wax that provides a slick, non-stick coating that prevents ice and snow from sticking to plows, shovels and other snow removal equipment. CPC-16411

Krusher: Blend of Potassium and Sodium chloride, Orange color for even coverage. Effective up to 0°F XN-9050-50

Ice Attack: Blend of potassium chloride, calcium chloride, sodium chloride, and urea. Effective up to –12°F. XN-9030-50

Salt Buster: Salt & chloride neutralizer for equipment and vehicles. XL-8200-05
And so much more.
